

Specialist PR and Marketing Solutions for the Power Industry

PR and marketing • direct mail • website optimisation and design • e-marketing • literature design • exhibition support • DVD making

A&A provides powerful PR and marketing services for making the right connections

As a full service public relations and marketing agency, A&A works with a cross-section of companies involved in the power industry. Our experience encompasses power supplies, materials, test equipment and switchgear and numerous related segments.

Creativity and business insight are the cornerstones of all our services and the bulk of marketing projects are unique to each client's specific ambitions and circumstances.

The majority of our clients rely on our disciplined, goal oriented PR and marketing, as the main method for supporting their on-going sales activities.
